

The table below indicates approximate light levels outdoors:

| Light Level | Approximate Illumination Level (Lux) |
|----------------|--------------------------------------|
| Sunlight | 107,500 |
| Full Daylight | 10,750 |
| Overcast Day | 1075 |
| Very Dark Day | 105 |
| Twilight | 10 |
| Deep Twilight | 1 |
| Full Moon | 0.1 |
| Quarter Moon | 0.01 |
| Starlight | 0.001 |
| Overcast Night | 0.0001 |

Generally Security PIR's with daylight sensors start to trigger the light load at approximately 1000 Lux
