

TRANSFORMERS

8.01 ELECTRONIC TRANSFORMERS

8.02 CONVENTIONAL TRANSFORMERS

ELECTRONIC TRANSFORMERS

The Phase Lighting range of electronic transformers represent a well established, tried & tested range of high quality reliable transformers.

Ranging from the 60va LV star to the 200va DET transformer.

All products have a high degree of safety features and are all dimmable with standard dimmers.

60va and 65va versions are prewired for ease of installation.

LVSTAR ELECTRONIC TRANSFORMERS

Code	Description	Box Qty	Trade £
DET60LVS	60va electronic transformer <ul style="list-style-type: none"> • Dimmable with standard or Low Voltage dimmers • Suitable for use with trailing and leading edge dimmers. • Thermal fuse • Short circuit/overload PROTECTED 	10/100	5.50

DET ELECTRONIC TRANSFORMERS

Code	Description	Box Qty	Trade £
DET60	60va electronic transformer	10/100	7.50
DET65	65va electronic transformer	20/100	9.90
DET105	105va electronic transformer	20/100	13.90
DET150	150va electronic transformer	10/50	19.30
DET200	200va electronic transformer	10/50	21.96

- Dimmable with standard or Low Voltage dimmers
- Suitable for use with trailing and leading edge dimmers.
- Resettable thermal fuse • Short circuit/overload

The Phase Lighting range of conventional transformers are ideal for installations where a transformer with no minimum load is required (eg. LED installations) or where an IP rated transformer is required (IP44 on 60va and 150va models).

All products feature thermal fuse, short circuit and overload protection features.

20VA CONVENTIONAL TRANSFORMER

Code	Description	Box Qty	Trade \$
LEDT20CC	20va conventional transformer	1	11.90

60VA OUTDOOR CONVENTIONAL TRANSFORMER

Code	Description	Box Qty	Trade \$
GL12VT60	60va IP44 conventional transformer <ul style="list-style-type: none"> • 0 - 60va rated • IP44 rated for outdoor use • Complete with 2m H05RNF cable and BS plug • Supplied with 2m SPT-2 cable and IP rated connector for use with Phase Linkable Landscape lighting system. 	6	15.78

150VA OUTDOOR CONVENTIONAL TRANSFORMER

Code	Description	Box Qty	Trade \$
GL12VT150	150va IP44 conventional transformer <ul style="list-style-type: none"> • 0 - 150va rated • IP44 rated for outdoor use • Twin outlet for circuit wiring • Complete with 2m H05RNF cable and BS plug • Supplied with 2m SPT-2 cable and IP rated connector for use with Phase Linkable Landscape lighting system. 	6	31.36

IP RATED TRANSFORMERS FORM PART OF THE LINKABLE LANDSCAPE LIGHTING RANGE
